## **PURCHASE OF DEVELOPMENT RIGHTS (PDR) APPLICATION**

*This information is required by authority of Kent County Farmland Preservation Ordinance adopted November 26, 2002 for farmland development rights to be considered for purchase by County of Kent.*

**APPLICATION DEADLINE: Postmarked by April 30, 2025, to Office of the Administrator or emailed to the above email address.**

---

It is the purpose of the Kent County Farmland Development Rights Ordinance to protect farmland to maintain a long-term business environment for agriculture in the County, to preserve the rural character and scenic attributes of the County, to enhance important environmental benefits, and to maintain the quality of life of County residents. The ordinance authorizes Kent County to purchase the development rights of farmland that are voluntarily offered for sale by a property owner. The PDR Application Scoring Criteria has been developed by the Agricultural Preservation Board for ranking and prioritizing all eligible parcels submitted to the Kent County Farmland Preservation Program. This application collects information to be utilized for scoring purposes. Each year, applications will be prioritized based on score. The County Agricultural Preservation Board may reprioritize the top scoring parcels based on individual review of each application and establishing a priority on which development rights should be purchased first based on available funds.

---

**Signing this PDR Application indicates the landowner(s) interest in voluntarily selling the development rights (also known as creating an 'easement') to the property described herein to Kent County, as well as their understanding of and/or agreement with the following:**

- The property is located in a village, city, or township within Kent County that participates in the PDR Program. *(No cities or villages have opted into the PDR Program at this time. Grand Rapids and Plainfield Townships have not opted in to the PDR Program. Please contact program staff if you own property within a non-participating city, village or township and are interested in selling the development rights for your property.)*
- The property is not planned for commercial or industrial uses under the Township, City or Village Master Plan or located within the 2020 Urban Services District Plan established by the Grand Valley Metro Council.
- The city, village or township will be required to provide the County with written approval of the purchase *(the County will seek this approval from the governing body if your application is selected to move forward)*.
- Agricultural activities on the proposed easement area are:
  - a permitted use on the parcel(s) under all applicable zoning ordinances.
  - conducted on 51% of the parcel's area. No more than 49% of the easement area may be devoted to non-agricultural open space consisting of wetlands, woodlands, or otherwise unusable land.
  - compliant with all applicable state and federal regulations.
- A minimum donation by the landowner of 50% of the Fair Market Value (FMV) of the proposed easement is required.
- Completing the preservation process is contingent upon the County receiving grant funding from either the State or Federal government.
- Additional steps will need to be taken if you are selected to move forward in the preservation process *(including becoming registered with the Farm Services Agency)*. If your application is selected, the process can take between 18-24 months.
