

OFFICIAL MEDIA RELEASE  
KENT COUNTY SHERIFF DEPARTMENT

Date: 06/10/13

Complaint Number: 13-125155

Type of Incident: Car/Semi accident with road closure

Narrative:

At approximately 6:15AM a car traveling northbound on Alden Nash lost control, crossed the center line and hit a semi truck and trailer traveling southbound. The semi truck's gas tank ruptured and the semi cab was engulfed in flames. The driver of the truck escaped without injuries. The driver of the car was transported to Spectrum Hospital with non-life threatening injuries.

When the gas tank ruptured diesel fuel spilled onto the roadway. The spilled fuel created a hazardous driving condition. A detour has been established onto Segwun Ave and Lowell View. Clean up crews are on scene now, but the road is expected to be closed between 5-6 hours.

Submitted: Sgt Eric Rakow

Approved: Lt Jeff DeVries
